Ryerson Students Union – COVID-19 Update

Dear students,

As you know the Ryerson Students' Union closed its offices on Friday, March 13<sup>th</sup>, 2020 due to the COVID-19 pandemic. We were hoping to reopen our front line services on March 30<sup>th</sup>, 2020 but it does not look like this will be the case.

On March 23<sup>rd</sup> Mayor Tory declared that Toronto is in a state of emergency and that everyone must come together to try their best to social distance and stay at home. This not only protects us as individuals, but also protects our nurses, doctors, medical experts and other frontline workers by decreasing the chances of the spread.

With that being said, the Ryerson Students' Union will continue to keep its offices closed until Canadian government officials state that it is safe for businesses to reopen.

During this time, our full-time staff will still be available to students via email and other digital forms of communication. This includes:

- Student Advocacy
- Campus Groups Coordinator
- All RSU Executives
- Executive Director
- Financial Controller
- Legal Services
- Equity and Campaigns Organizer
- Good Food Centre Coordinator
- Centre for Safer Sex and Sexual Violence Support

The RSU is committed to serving our membership throughout this challenging time. The staff noted above will make the necessary arrangements to assist you virtually during this time. You can find all contact information at [rsuonline.ca](http://rsuonline.ca). We will be providing students with more updates as they become available.

Sincerely,  
*Ryerson Students' Union*
